About Us

SafeSoul was established 11 years ago with a visionary spirit. From the outset, SafeSoul embarked on a transformative journey fueled by a commitment to elevate the well-being of our beloved community. Our core belief has always been centered around upholding the dignity, safety, and overall wellness of each member. Our mission is to make a substantial difference in the field of medical care, especially for elderly persons, and to cater to the NHS of the United Kingdom.

Our Vision Statement

At SafeSoul, we envision a future where advanced medical care seamlessly integrates into the daily lives of the elderly, fostering a community that thrives on security, health, and joy. Our commitment to the NHS and the well-being of elderly persons is unwavering, as we strive to create an environment where individuals flourish. Supported by cutting-edge technology and a holistic approach to well-being, our vision is to ensure that every member of our community receives the dignified, safe, and comprehensive care they deserve.

Our Mission Statement

For the past 11 years, SafeSoul has been dedicated to providing inclusive and comprehensive medical care, with a particular focus on the elderly and the NHS community. We leverage advanced technology to deliver precise and timely medical information, ensuring our elderly community members lead enriching and dignified lives. Our commitment to security, health, and joy forms the foundation of a resilient and flourishing community, where every individual receives the highest standard of care.

Our Services

At Safesoul, we are dedicated to providing exceptional medical healthcare services with a focus on safety and security. Our flagship product, the Safesoul Emergency SOS and Fall Alert device, offers 24-hour monitoring services designed to ensure the well-being and peace of mind for individuals and their loved ones across the United Kingdom.

1. Safesoul Emergency SOS Device:

Our state-of-the-art Emergency SOS device is engineered to provide immediate assistance in critical situations. With a simple push of a button, users can instantly alert our monitoring center, ensuring rapid response and timely help. This device is compact, easy to use, and suitable for people of all ages, especially those with medical conditions or elderly individuals living alone.

2. Fall Alert System:

Falls are a significant concern, particularly for the elderly. Our advanced Fall Alert system detects falls automatically and sends an alert to our monitoring center. This ensures that help is dispatched swiftly, even if the individual is unable to press the SOS button. The device's precision in fall detection minimizes false alarms while guaranteeing prompt response in genuine emergencies.

3. 24-Hour Monitoring Services:

Our professional monitoring team is available around the clock, 24/7. Trained to handle emergencies with efficiency and care, our team ensures that every alert is addressed immediately. Whether it's contacting emergency services, notifying family members, or providing guidance over the phone, our monitoring services offer unparalleled support and reassurance.

Our Services

4. GPS Tracking and Geofencing:

Safesoul devices come equipped with GPS tracking and geofencing capabilities, providing real-time location data and ensuring that users can be easily located in case of an emergency. Geofencing allows you to set safe zones, and you'll receive alerts if the device moves outside these areas. This feature is invaluable for monitoring children, pets, or vulnerable family members.

5. Emergency Alerts to Loved Ones:

In addition to alerting our monitoring center, the device can also notify your loved ones about any emergency. You can receive calls from them and share your location, providing a comprehensive communication network to ensure timely assistance and support.

6. Versatile Use:

The Safesoul device is not just for medical emergencies. It is equally effective for children, pets, and individuals from all walks of life. Whether you are on a trip, traveling, or attending a business meeting, our device ensures a sense of safety and security for you and your loved ones.

7. User-Friendly Technology:

Safesoul's devices are designed with user comfort and convenience in mind. They are easy to set up, require minimal maintenance, and are built to be durable and reliable. Our commitment to quality ensures that users receive a product that is both functional and dependable.

8. Comprehensive Coverage:

Operating throughout the United Kingdom, Safesoul ensures comprehensive coverage and support, no matter where you are. Our extensive network and robust infrastructure allow us to deliver consistent and reliable services nationwide.

9. Personalised Care Plans:

We understand that each individual has unique needs. Safesoul offers personalized care plans tailored to meet the specific requirements of our users. From the initial consultation to ongoing support, we work closely with our clients to provide the best possible care solutions.
